

**NEW!!**

**CELTIC MOLECULAR**

Explore . Discover . Quality

## **Reliable, affordable PCR solutions supported by excellent service**

Celtic Molecular Diagnostics launched its very own line of PCR and qPCR enzymes and mixes! We aim to offer an affordable solution for DNA and RNA amplification experiments with excellent sensitivity and specificity.

### **End-Point PCR enzymes**

**CelTaq DNA  
Polymerase**

**CelTaq HS DNA  
Polymerase**

### **Real Time qPCR enzymes**

**CelGREEN Universal  
qPCR mix (2x)**

**CelProbe Universal  
qPCR mix (2x)**

### **Other products**

**CelEct Virus Universal  
Probe One-step kit**

**Celtic dNTP mixes  
Celtic DNA ladders  
Celtic Agarose**

## **Why choose Celtic Molecular?**

- » **Quality** - the selection of high performing enzymes, stringent quality control ensure that you receive quality products with lot to lot consistency.
- » **Value** - we supply affordable reagents without compromising quality.
- » **Service** - We keep stock of our products so your experiments don't have to wait!

## **Give us a try and test a sample!**

1. Request a free sample from your local Celtic representative.
2. Share your results and feedback with us.
3. Get 20% discount on your first Celtic Molecular order!

**10% Launch discount!**

\*Valid till end Dec 2024
